

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Curtis Brown
DOCKET NO.: 21-31097.001-R-1
PARCEL NO.: 16-23-201-029-0000

The parties of record before the Property Tax Appeal Board are Curtis Brown, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$770
IMPR.: \$0
TOTAL: \$770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to Section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a vacant parcel of land, with 3,750 square feet in West Chicago Township, Cook County. The subject is classified as a Class 1 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a Multiple Listing Service (MLS) information sheet that disclosed the subject property was purchased on June 28, 2021, for \$7,700 in an all-cash transaction. The MLS document disclosed the subject was offered for sale "as-is" without survey, title insurance, tax credits or prorations. The subject property was offered for transfer of title only via a Quit Claim Deed. The appellant also submitted the Quit Claim Deed and a PTAX-203 Illinois Real Estate Transfer

Declaration. The PTAX-203 disclosed the subject was advertised for sale. The appellant provided information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was advertised and sold by a realtor. The appellant failed to disclose whether the subject was sold due to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2021 level of assessment of 10.00% for Class 1 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$4,846. The subject's assessment reflects a market value of \$48,460 when applying the 2021 level of assessment of 10.00% for Class 1 property under the Cook County Real Property Assessment Classification Ordinance. The board of review did not submit other information in support of the assessment.

In rebuttal, the appellant argued the board of review did not submit evidence. The appellant reaffirmed the request for an assessment reduction.

The parties reiterated their respective arguments at hearing. The board of review argued the absence of a settlement statement showed the lack of an arm's-length transaction for fair market value. The appellant argued the subject had been advertised and sold by a realtor in the open market.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. *86 Ill.Admin.Code §1910.63(e)*. Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. *86 Ill.Admin.Code §1910.65(c)*. The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in June 2021 for \$7,700. The appellant provided information in Section IV-Recent Sale Data of the appeal that the parties to the transaction were not related; that the property was sold using a Realtor; that the property had been advertised on the open market. In further support of the transaction, the appellant submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration, Quit Claim Deed and the MLS information sheet. There was no evidence the subject was sold short or from a foreclosure. The absence of a settlement statement and the appellant's failure to disclose whether the transaction was due to a foreclosure raised some doubts whether it was at arm's-length. The Board gives greater weight to the evidence that the subject was sold by a realtor after exposure to the open market and that there was no convincing evidence it may not have been for fair market value. Transference of title via a Quit Claim Deed for vacant land is not, itself, evidence of lack of an arm's-length sale.

The Board finds the purchase price was below the market value reflected by the assessment. Based on this record, the Board finds the subject property had a market value of \$7,700 as of January 1, 2021, and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2021 level of assessment of 10.00% for Class 1 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
