

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1028. Diversey LLC
DOCKET NO.: 21-31516.001-R-1
PARCEL NO.: 14-29-228-033-0000

The parties of record before the Property Tax Appeal Board are 1028. Diversey LLC, the appellant(s), by attorney Kevin P. Burke, of Smith Hemmesch Burke & Kaczynski in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 24,007
IMPR.: \$ 11,993
TOTAL: \$ 36,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2021. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a two-story mixed-use building of frame construction with 2,292 square feet of building area. The building is 128 years old. Features of the building include a partial unfinished basement and a one and one-half-car garage. The property's site is 3,125 square feet, and it is located in Lake View Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance. The subject is owned by a business entity, and, therefore, it is not owner-occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$360,000 as of January 1, 2021. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$36,000.

The board of review submitted its “Board of Review Notes on Appeal” disclosing that the total assessment for the subject is \$82,008. The subject’s assessment reflects a market value of \$820,080 when applying the 2021 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

In rebuttal, the appellant argued that the board of review’s equity comparables were not responsive to the appellant’s market value argument.

At hearing, the appellant called David Conaghan to testify. Mr. Conaghan testified that he is an appraiser and is employed at The PJC Group. The appellant offered Mr. Conaghan as an expert in real estate valuation, and the Board accepted him as such without objection from the board of review. Mr. Conaghan testified that he prepared the appraisal of the subject that was previously submitted into evidence by the appellant, and then testified as to how he arrived at a conclusion of value for the subject of \$360,000 as of January 1, 2021. During cross-examination, Mr. Conaghan testified as to the distances of the sale comparables from the subject property, and the neighborhoods that the sale comparables were located within. During re-direct, Mr. Conaghan testified that there were no similar sale comparables located within the subject’s neighborhood, and that he looked to other neighborhoods for sale comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof, and a reduction in the subject’s assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject’s assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$360,000 as of the assessment date at issue. Therefore, based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject’s assessment is warranted. Since market value has been established, the 2021 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
