

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Rudolph
DOCKET NO.: 21-31695.001-R-1
PARCEL NO.: 14-07-404-044-0000

The parties of record before the Property Tax Appeal Board are Daniel Rudolph, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,432
IMPR.: \$30,140
TOTAL: \$61,572

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,550 square feet of building area. The building is approximately 111 years old and has a full unfinished basement. The property has a 3,929 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, multi-family buildings of masonry exterior construction ranging in size from 3,459 to 3,924 square feet of building area. The buildings range in age from 120 to 123 years old. Each comparable has a full basement and central air

conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$29,200 to \$34,200 or from \$7.44 to \$8.85 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,140 or \$8.49 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,000. The subject property has an improvement assessment of \$34,568 or \$9.74 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, 2-story, multi-family buildings of masonry exterior construction ranging in size from 3,060 to 3,503 square feet of building area. The buildings range in age from 108 to 128 years old. Three comparables each have a basement finished with an apartment and one comparable has a concrete slab foundation. Two comparables each have central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$33,068 to \$42,000 or from \$9.44 to \$13.51 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3. These comparables are similar to the subject property in location, age, building size, and have an unfinished basement while lacking a garage, like the subject. These comparables have improvement assessments of \$29,200 and \$34,200 or \$7.44 and \$8.84 per square foot of building area, respectively. The subject's improvement assessment of \$34,568 or \$9.74 per square foot of building area falls above the two best comparables in this record and is excessive. The Board gives less weight to the appellant's comparables #2 and #4 as well as the board of review comparables #1 and #2 which each have a garage, unlike the subject. The Board also gives less weight to board of review comparables #3 and #4 which are less similar to the subject in dwelling size, than other comparables in this record, and/or lack a basement foundation, which is a feature of the subject. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
