

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: David Adams
DOCKET NO.: 21-31714.001-R-1
PARCEL NO.: 14-06-408-042-0000

The parties of record before the Property Tax Appeal Board are David Adams, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,808 **IMPR.:** \$55,192 **TOTAL:** \$79,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,426 square feet of living area. The dwelling is 19 years old. Features of the home include a full finished basement, 1 central air conditioning, one fireplace, and a 2-car garage. The property has a 2,976 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The

¹ The Board finds the best description of the subject property was found in the grid analysis submitted by the board of review disclosing the subject has a finished basement area, which was not refuted by the appellant.

comparables are improved with class 2-78 homes of masonry or frame and masonry exterior construction containing 2,116 or 2,519 square feet of living area. The homes are from 15 to 19 years old and have full basements. No data was provided concerning the comparables proximity to the subject or if the homes have finished basement area, if any. Each home has central air conditioning and a 2-car garage. One comparable has two fireplaces. The comparables have improvement assessments ranging from \$40,656 to \$50,432 or from \$19.21 to \$20.02 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$47,137 or \$19.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,000. The subject property has an improvement assessment of \$55,192 or \$22.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. Two comparables are located on the same block and the same street as the subject and two comparables are located within a quarter of a mile from the subject. The comparables are improved with 2-story, class 2-78 homes of frame or masonry exterior construction ranging in size from 2,410 to 2,463 square feet of living area. The homes are 7 or 16 years old. Each home has a full finished basement, central air conditioning and either a 2-car or a 2.5-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$60,744 to \$68,024 or from \$25.17 to \$27.63 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and board of review comparables #3 and #4 which are less similar to the subject in age or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4 as well as the board of review's comparables #1 and #2 which are more similar to the subject in location, design, age, dwelling size, and most features. However, the appellant's grid analysis did not disclose if the comparables have basement finished area, suggesting upward adjustments may be appropriate to make them more equivalent to the subject. These five comparables have improvement assessments ranging from \$48,456 to \$61,744 or from \$19.24 to \$25.20 per square foot of living area. The subject's improvement assessment of \$55,192 or

\$22.75 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
