

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Waltuch
DOCKET NO.: 21-31718.001-R-1
PARCEL NO.: 14-30-110-011-0000

The parties of record before the Property Tax Appeal Board are William Waltuch, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,000
IMPR.: \$50,000
TOTAL: \$81,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,916 square feet of living area. The dwelling is approximately 100 years old. Features include a full unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject dwelling is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,738 to 2,032 square feet of living area. The dwellings are from 128 to 138 years old and have full

basements and central air conditioning. Three comparables each have a fireplace and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$39,000 to \$50,749 or from \$20.26 to \$24.97 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$45,409.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,000. The subject property has an improvement assessment of \$50,000 or \$26.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-05, two-story dwellings of frame or masonry exterior construction ranging in size from 1,624 to 2,076 square feet of living area. The dwellings are from 108 to 118 years old and have full basements with two having finished area. Each comparable has central air conditioning and a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$45,814 to \$67,737 or from \$22.37 to \$32.63 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have dwellings that are considerably older in age to the subject than the board of review's comparables. The Board also gives less weight to the board of review comparables #1 and #4 which have finished basements, unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #3. These comparables are overall more similar to the subject in location, age, dwelling size, unfinished basement, and some features. These comparables have improvement assessments of \$45,814 and \$51,750 or for \$22.37 and \$26.11 per square foot of living area, respectively. The subject's improvement assessment of \$50,000 or \$26.10 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
