

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Pratt
DOCKET NO.: 21-31725.001-R-1
PARCEL NO.: 14-19-323-016-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Pratt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,750
IMPR.: \$49,250
TOTAL: \$88,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,595 square feet of living area. The home is approximately 92 years old. Features of the home include a full basement finished with a recreation room, central air conditioning, and a 2-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,306 to 2,425 square feet of living area. The comparables range in age from 108 to 143

years old. Each comparable has a full basement, central air conditioning, and either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,500 to \$35,938 or from \$14.26 to \$15.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,432 or \$14.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,000. The subject property has an improvement assessment of \$49,250 or \$18.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,355 to 2,796 square feet of living area. The comparables are either 106 or 113 years old. Each comparable has a full basement, one of which is finished with a recreational room, and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$53,718 to \$60,220 or from \$21.51 to \$22.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as the board of review's comparables as they are overall more similar to the subject in location, age, dwelling size, and most features. Board of review comparable #2 lacks a garage, which is a feature of the subject, suggesting an upward adjustment for this difference would be appropriate to make it more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$34,500 to \$60,220 or from \$14.85 to \$22.81 per square foot of living area. The subject's improvement assessment of \$49,250 or \$18.98 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables #1, #2, and #4 which are less similar in age to the subject than the remaining comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
