

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rich Wolnik
DOCKET NO.: 21-31882.001-R-1
PARCEL NO.: 03-25-208-001-0000

The parties of record before the Property Tax Appeal Board are Rich Wolnik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,548
IMPR.: \$22,775
TOTAL: \$29,323

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,170 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a basement finished with a recreation room, central air conditioning and a 2-car garage. The property has an approximately 10,478 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,170 to 1,347 square feet of living area. The dwellings are either 60 or 62 years old. The comparables each have a basement. The appellant did not report finished basement area. Each comparable has central air conditioning. One comparable has one

fireplace. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments that range from \$16,004 to \$23,283 or from \$13.24 to \$17.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,884 or \$16.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,323. The subject property has an improvement assessment of \$22,775 or \$19.47 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with one comparable being located in the same assessment neighborhood code as the subject property. The board of review reported that the comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction that contain either 1,116 or 1,170 square feet of living area. The dwellings are either 55 or 58 years old. Each comparable has a full basement finished with a recreation room and either a 2-car or 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments that range from \$22,749 to \$23,827 or from \$20.06 to \$20.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #1 and #3 due to their larger dwelling sizes when compared to the subject. The Board has given reduced weight to board of review comparables #2 and #3 due to their location in a different neighborhood code when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 along with board of review's comparable #1. The Board finds that these comparables are most similar to the subject in location, age, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$16,004 to \$23,474 or from \$13.24 to \$20.06 per square foot of living area. The subject's improvement assessment of \$22,775 or \$19.47 per square foot of living area, falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
