

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anil Bhojwani
DOCKET NO.: 21-31920.001-R-1
PARCEL NO.: 04-33-402-017-0000

The parties of record before the Property Tax Appeal Board are Anil Bhojwani, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,181
IMPR.: \$46,806
TOTAL: \$57,987

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,960 square feet of living area. The dwelling is approximately 18 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 3-car garage. The property has a 14,908 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with dwellings of frame and masonry exterior construction ranging in size from 2,942 to 3,496 square feet of living area. The dwellings are 34 to 39 years

old and have full unfinished basements. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$41,608 to \$51,105 or from \$14.14 to \$14.62 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,987. The subject property has an improvement assessment of \$46,806 or \$15.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of frame exterior construction ranging in size from 3,128 to 3,473 square feet of living area. The dwellings are 13 to 21 years old and have full basements, with one having finished area. Each comparable has central air conditioning, one fireplace, and a 2-car, a 3-car, or a 3.5-car garage. The comparables have improvement assessments ranging from \$51,708 to \$58,222 or from \$15.91 to \$16.82 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are considerably older dwellings when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are most similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments ranging from \$51,708 to \$58,222 or from \$15.91 to \$16.82 per square foot of living area. The subject's improvement assessment of \$46,806 or \$15.81 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
