

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jake Weinstein
DOCKET NO.: 21-32081.001-R-1
PARCEL NO.: 04-21-206-002-0000

The parties of record before the Property Tax Appeal Board are Jake Weinstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,582
IMPR.: \$39,432
TOTAL: \$54,014

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,339 square feet of living area. The dwelling is approximately 49 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 2.5-car garage. The property has a 12,410 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-78 properties improved with dwellings of frame and masonry exterior construction ranging in size from 3,339 to 3,708 square feet of living area. The dwellings are 47 to 49 years

old and have full basements. Each comparable has central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$37,196 to \$39,613 or from \$10.67 to \$11.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,014. The subject property has an improvement assessment of \$39,433 or \$11.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-78 properties improved with 2-story dwellings of frame and masonry exterior construction ranging in size from 2,718 to 2,855 square feet of living area. The dwellings are 47 or 48 years old and have partial or full unfinished basements. Each comparable has central air conditioning, one fireplace, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$34,082 to \$39,300 or from \$12.54 to \$13.77 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in dwelling size. However, the comparables lack finished basement area, have one less fireplace and smaller garages, suggesting upward adjustments are necessary to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$37,196 to \$39,613 or from \$10.67 to \$11.33 per square foot of living area. The subject's improvement assessment of \$39,433 or \$11.81 per square foot of living area falls within the range established by the best comparables in this record on overall basis but higher on a square foot basis which is justified when considering subject's superior features. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
