

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Nehrke
DOCKET NO.: 21-32299.001-R-1
PARCEL NO.: 13-25-423-011-0000

The parties of record before the Property Tax Appeal Board are Donald Nehrke, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,750
IMPR.: \$40,250
TOTAL: \$56,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 2,214 square feet of building area. The building is approximately 126 years old. Features of the building include an unfinished basement and a 2-car garage. The property has an approximately 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The appellant reported that the comparables are improved with class 2-11 buildings of frame or masonry exterior construction that range in size from 2,185 to 2,460 square feet of building area. The buildings range in age from 99 to 123 years old. Each comparable has a full basement. The appellant did not report if the comparables have a finished basement. Each comparable has from

a 1-car to a 4-car garage. The comparables have improvement assessments that range from \$22,015 to \$33,375 or from \$9.16 to \$13.57 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,321 or \$12.34 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,000. The subject property has an improvement assessment of \$40,250 or \$18.18 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The board of review reported that the comparables are improved with class 2-11, 2-story buildings of masonry or frame exterior construction that range in size from 1,512 to 2,300 square feet of building area. The buildings range in age from 117 to 123 years old. Each comparable has a full basement, one finished with an apartment. One comparable has central air conditioning and two fireplaces and three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$35,250 to \$46,000 or from \$18.52 to \$24.87 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued that board of review comparables #3 and #4 differ from the subject in building size and exterior construction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #4 as well as the board of review comparables #2 and #3 due to their differences from the subject in age or building size when compared to the subject. The Board has given reduced weight to board of review comparable #1 due to its central air conditioning amenity, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 along with board of review comparable #4. The Board finds that these comparables are most similar to the subject in location, building size, age, and some features. These most similar comparables have improvement assessments ranging from \$29,100 to \$46,000 or from \$13.30 to \$20.00 per square foot of building area. The subject's improvement assessment of \$40,250 or \$18.18 per square foot of building area, falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences

when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
