

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Errol Jacobson
DOCKET NO.: 21-32337.001-R-1
PARCEL NO.: 14-31-304-030-0000

The parties of record before the Property Tax Appeal Board are Errol Jacobson, the appellant, by Abby L. Strauss, attorney-at-law of Schiller Law P.C. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,800
IMPR.: \$56,245
TOTAL: \$73,045

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction that contains 1,750 square feet of living area. The dwelling is approximately 156 years old. Features of the property include a partial basement with a formal recreation room, central air conditioning, and 2 bathrooms.¹ The property has a 2,400 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables composed of class 2-05 properties improved with dwellings of masonry or frame

¹ The board of review described the home as having a partial basement with a formal recreation room, which was not refuted by the appellant.

and masonry exterior construction that range in size from 1,792 to 1,848 square feet of living area. The homes range in age from 126 to 133 years old. Each property has a partial or full basement, and 1 or 2 bathrooms. Three comparables have central air conditioning and three comparables have a 2-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$26,611 to \$55,168 or from \$14.40 to \$30.33 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$43,103.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,045. The subject property has an improvement assessment of \$56,245 or \$32.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-05 properties improved with two-story dwellings of masonry exterior construction that range in size from 1,638 to 1,769 square feet of living area. The comparables range in age from 126 to 157 years old. Each comparable has a full basement with two having a formal recreation room, 2 or 2½ bathrooms, and a 2-car garage. One comparable has central air conditioning. These properties have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject. Comparable #1 is located along the same street and adjacent to the subject property. Their improvement assessments range from \$57,445 to \$73,200 or from \$35.06 to \$41.38 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight assessment equity comparables with the same classification code and assessment neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparable #1 which is an outlier with an assessment that is approximately 74% lower than the next lowest comparable on a per square of living area foot basis. The seven remaining comparables have varying degrees of similarity to the subject in features with improvement assessments that range from \$44,800 to \$73,200 or from \$25.00 to \$41.38 per square foot of living area. Board of review comparable #1 is most similar to the subject in location and age with an improvement assessment of \$60,200 or \$35.06 per square foot of living area. The subject's improvement assessment of \$56,245 or \$32.14 per square foot of living area falls within the range established by the best comparables in this record and is well supported by the comparable most similar to the subject in location and age. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
