

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mia Pappalardo
DOCKET NO.: 21-32467.001-R-1
PARCEL NO.: 03-31-403-023-0000

The parties of record before the Property Tax Appeal Board are Mia Pappalardo, the appellant, by attorney Gregory J. Hilton, of Property Tax Solutions in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,125
IMPR.: \$28,282
TOTAL: \$32,407

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame construction with 1,260 square feet of living area. The dwelling is 69 years old. Features of the home include a full basement, that has finished area, 2 full and 1 half bathrooms, central air conditioning, and a 1-car garage. The property has a 6,600 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame construction ranging in size from 1,176 to 1,554 square feet of living area. The dwellings range in age from 64 to 69 years old and

have full basements. The appellant failed to disclose whether the comparables have unfinished basements or have finished basement area. The comparables have 1 full bathroom or 2 full bathrooms, and either a 1-car or a 2.5-car garage. Two comparables have central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments ranging from \$19,279 to \$28,100 or from \$16.39 to \$18.45 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,407. The subject property has an improvement assessment of \$28,282 or \$22.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame or masonry construction ranging in size from 1,227 to 1,260 square feet of living area. The dwellings range in age from 66 to 69 years old and have full or partial basements, two of which have finished area. The comparable have from 1 full bathroom to 1 full and 2 half bathrooms, and a 2-car garage. One comparable has central air conditioning, and two comparables each have a fireplace. The comparables have improvement assessments ranging from \$27,725 to \$28,637 or from \$22.53 to \$22.93 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables have varying degrees of similarity to the subject. However, each of the best comparables has a smaller bathroom count when compared to the subject. In addition, two of the best comparables lack finished basement area, and three lack central air conditioning when compared to the subject. Nevertheless, the best comparables had improvement assessments ranging from \$27,725 to \$28,637 or from \$22.53 to \$22.93 per square foot of living area. The subject's improvement assessment of \$28,282 or \$22.45 per square foot of living area falls within the range established by the best comparables in this record on a total improvement assessment basis but below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's

improvement assessment is well supported. The Board gave less weight to the appellant's comparables, due to their larger dwelling size and/or the lack of information as to whether the comparables have unfinished basements or have finished basement area. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
