

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Crisman
DOCKET NO.: 21-32654.001-R-1
PARCEL NO.: 14-20-126-026-0000

The parties of record before the Property Tax Appeal Board are Matthew Crisman, the appellant, by attorney Mary Kate Gorman, Attorney at Law in Tinley Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,350
IMPR.: \$83,150
TOTAL: \$138,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,126 square feet of living area. The home is approximately 108 years old. Features of the home include a full basement with finished area, central air conditioning, and a 2.5-car garage. The property has a 3,690 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of masonry exterior construction ranging in size from 1,470 to 2,114 square feet of living area. The comparables range in age from 110 to 130

years old. Each comparable has a full basement with finished area. Two comparables each have central air conditioning, two comparables have either one or two fireplaces, and one comparable has a 2-car garage. The comparables have improvement assessments ranging from \$45,625 to \$80,250 or from \$31.04 to \$37.96 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$73,560 or \$34.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,500. The subject property has an improvement assessment of \$83,150 or \$39.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame or masonry exterior construction ranging in size from 1,915 to 2,196 square feet of living area. The comparables range in age from 113 to 127 years old. Each comparable has a full basement, two of which have finished area, and central air conditioning. Two comparables have either one or two fireplaces and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$83,000 to \$100,411 or from \$39.32 to \$45.72 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 as well as the board of review's comparables #1, #3, and #4 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$72,724 to \$86,000 or from \$34.80 to \$43.34 per square foot of living area. The subject's improvement assessment of \$83,150 or \$39.11 per square foot of living area falls within the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables #1 and #3 as well as board of review comparable #2 which each lack a garage, which is a feature of the subject. Moreover, the appellant's comparable #1 is a substantially smaller home than the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
