

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrian Blanarovich
DOCKET NO.: 21-33223.001-R-1
PARCEL NO.: 13-36-401-003-0000

The parties of record before the Property Tax Appeal Board are Adrian Blanarovich, the appellant(s), by attorney Nora Devine, of The Devine Law Group, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,092
IMPR.: \$45,277
TOTAL: \$66,369

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 105-year-old, two-story, dwelling of frame construction with 4,766 square feet of living area. The property has a 4,687 square foot site and is located in Chicago, West Chicago Township, Cook County. A feature of the home is a one-car garage. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance. The record disclosed that the subject property was owner occupied during the lien year.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The appellant also contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,999. The subject's assessment reflects a market value of \$789,990 or \$165.75 per square foot of living area, including land, when applying the 10% level of assessment for a class 2 property applying determined by the Cook County Real Property Assessment Classification Ordinance. The subject property has an improvement assessment of \$57,908 or \$12.15 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables each of which had sales data and equity information.

In rebuttal, the appellant submitted the Multiple Listing Service (MLS) data sheets for the board of review's suggested comparables and pointed out characteristic differences in the board of review's evidence compared to the subject. The appellant reaffirmed its position that the 2021 assessed value for the subject property is excessive and that the total assessment should be reduced.

On December 17, 2025, the parties agreed to waive their right to a hearing and for the Board to render its decision on the evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment on this basis is not warranted.

The Board finds there are no suitable comparable sales to reflect the best evidence of market value in this record. Based on this evidence the Board finds a reduction in the subject's assessment based on the overvaluation argument is not justified.

The appellant also contends assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code

§1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity is the appellant's suggested comparables #2, #3 and #4. The dwellings on these comparable are similar to the subject dwelling in age, construction, location, amenities and living area size.

The comparables had improvement assessments that ranged from \$7.11 to \$10.01 per square foot of living area. The subject's improvement assessment of \$12.15 per square foot of living area falls above the assessment per square feet of the best comparable in this record. After considering all the best comparable properties submitted by the parties with emphasis on those properties that are proximate in location, similar in size of living area, and with similar features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment on this basis is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
