

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roberto Mejia  
DOCKET NO.: 21-33901.001-R-1  
PARCEL NO.: 17-20-401-013-0000

The parties of record before the Property Tax Appeal Board are Roberto Mejia, the appellant, by attorney William I. Sandrick, of Sandrick Law Firm, LLC in Homewood; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,928  
**IMPR.:** \$44,904  
**TOTAL:** \$53,832

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story building of frame exterior construction with 1,864 square feet of building area. The building is approximately 23 years old. Features include a basement finished with an apartment and central air conditioning. The property has a 2,976 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and same block as the subject. The comparables are improved with 2-story, class 2-11 buildings of frame or masonry exterior construction ranging in size from 1,864 to 2,016 square feet of building area.

The comparables range in age from 24 to 133 years old. Three comparables each have a basement with finished area and one comparable has a slab foundation. One comparable has central air conditioning and three comparables each have a garage ranging in size from 470 to 575 square feet of building area. The comparables have improvement assessments ranging from \$27,448 to \$42,000 or from \$13.62 to \$22.53 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$33,198.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,832. The subject property has an improvement assessment of \$44,904 or \$24.09 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject, two of which are 0.25 of a mile from the subject or on the same block as the subject. Comparable #1 is the same property as the appellant's comparable #3. The comparables are improved with 2-story, class 2-11 buildings of frame exterior construction ranging in size from 1,380 to 2,025 square feet of building area. The comparables are 24 or 25 years old and each comparable features a basement finished with an apartment or a recreation room. Three comparables have central air conditioning and three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$40,500 to \$47,072 or from \$22.53 to \$29.35 per square foot of building area. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables, with one common comparable, for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 and the board of review's comparable #4, due to substantial differences from the subject in dwelling size, age, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and the board of review's comparables #1, #2, and #3, which includes the common comparable. These comparables are more similar to the subject in dwelling size, age, location, and most features, although these comparables have a garage unlike the subject and one comparable lacks central air conditioning that is a feature of the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$42,000 to \$47,072 or from \$22.53 to \$24.64 per

square foot of building area. The subject's improvement assessment of \$44,904 or \$24.09 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
