

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Harris
DOCKET NO.: 21-34068.001-R-1
PARCEL NO.: 14-28-313-016-0000

The parties of record before the Property Tax Appeal Board are Patricia Harris, the appellant, by attorney Thomas E. Sweeney, of Siegel Jennings Co., LPA in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,488
IMPR.: \$46,512
TOTAL: \$105,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story 3-unit building of masonry and frame exterior construction with 4,536 square feet of building area.¹ The building is approximately 137 years old. Features include a basement with finished area and a 3-car garage. The property has a 4,874 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of

¹ The parties differ regarding the subject's building size. The Board finds the best evidence of the subject's features and amenities is found in the appellant's appraisal which includes photographs and was not refuted by the board of review with any substantive evidence.

\$1,050,000 as of January 1, 2021. The appraisal was prepared by Chris Posey, a certified residential real estate appraiser, to estimate the market value as of January 1, 2021. Under the sales comparison approach, the appraiser selected three comparables sales of 3-unit buildings with varying degrees of similarity to the subject in site size, location, building size, age, and features. The comparables sold from November 2019 to October 2020 for prices ranging from \$940,000 to \$1,061,000 or from \$218.04 to \$229.57 per square foot of building area, including land. The appraiser made adjustments to the comparables for differences from the subject to conclude a value for the subject of \$1,050,000 as of January 1, 2021. Based on this evidence the appellant requested a reduction in the subject's assessment to reflect the appraised value conclusion.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,000. The subject's assessment reflects a market value of \$1,690,000 or \$346.74 per square foot of building area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, which the Board finds to be non-responsive to the appellant's overvaluation argument.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Adm.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Adm.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value of \$1,690,000 or \$346.74 per square foot of building area, including land, which is above the appraised value conclusion. The Board finds the subject property had a market value of \$1,050,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Adm.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
