

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Knust  
DOCKET NO.: 21-34414.001-R-1  
PARCEL NO.: 14-30-404-096-0000

The parties of record before the Property Tax Appeal Board are Matthew Knust, the appellant, by attorney William J. Davy, of the Law Offices of William J. Davy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,925  
**IMPR.:** \$82,075  
**TOTAL:** \$121,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,877 square feet of living area. The home is approximately 19 years old. Features of the home include a full basement with finished area, central air conditioning, and one fireplace. The property has a 3,114 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,421 to 2,856 square feet of living area. The homes range in age from 12 to 27 years old.

Each comparable has a full basement with finished area, and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$54,675 to \$59,250 or from \$19.88 to \$22.58 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,000. The subject property has an improvement assessment of \$82,075 or \$28.53 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 2,720 to 3,536 square feet of living area. The homes range in age from 10 to 18 years old. Each comparable has a full basement with finished area, central air conditioning, from one to three fireplaces, and either a 2-car or 3-car garage. The comparables have improvement assessments ranging from \$89,570 to \$112,728 or from \$30.03 to \$32.93 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 as well as board of review's comparables #2 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and most features. Three comparables each have a garage, which the subject lacks, suggesting downward adjustments for this difference would be necessary to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$56,786 to \$90,237 or from \$19.88 to \$32.93 per square foot of living area. The subject's improvement assessment of \$82,075 or \$28.53 per square foot of living area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #3 as well as board of review comparables #1 and #4 which are less similar to the subject in dwelling size than other comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
