

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Claudia Weinberg
DOCKET NO.: 21-34564.001-R-1
PARCEL NO.: 16-13-428-033-0000

The parties of record before the Property Tax Appeal Board are Claudia Weinberg, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,503
IMPR.: \$53,496
TOTAL: \$59,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,766 square feet of living area. The home is approximately 7 years old. Features include a full basement with finished area, central air conditioning, and a 2-car garage.¹ The property has a 3,097 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The appellant's evidence is internally inconsistent as Section III of the appeal petition disclosed the subject lacks a fireplace, but the grid analysis indicates the subject has one fireplace. The board of review's grid reports the subject lacks a fireplace, which was unrefuted by the appellant. Therefore, the Board finds the subject lacks a fireplace.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-07 dwellings of wood or masonry exterior construction with either 1,514 or 1,644 square feet of living area. The homes are either 12 or 13 years old. Each comparable has a full basement with finished area, central air conditioning, and one fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$24,750 to \$32,408 or from \$16.35 to \$19.71 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$32,971 or \$18.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,999. The subject property has an improvement assessment of \$53,496 or \$30.29 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on two equity comparables that are located within the same assessment neighborhood code as the subject property. Each of these comparables is also located on the same block and street as the subject. The comparables are improved with 2-story, class 2-07 dwellings of frame exterior construction with either 1,760 or 1,766 square feet of living area. The homes are either 3 or 7 years old. Each comparable has a full basement with finished area, central air conditioning, and a 2-car garage. The comparables have an improvement assessment of \$53,496 and \$55,496 or \$30.29 and \$31.53 per square foot of living area, respectively. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block and street as the subject as well as being identical or nearly identical to the subject in overall property characteristics. These two comparables have improvement assessments of \$53,496 and \$55,496 or \$30.29 and \$31.53 per square foot of living area, respectively. The subject's improvement assessment of \$53,496 or \$30.29 per square foot of living area matches board of review comparable #1. The Board gives less weight to the appellant's comparables which are less similar in dwelling size and age when compared to the subject. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
