

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derrick Brooks  
DOCKET NO.: 21-34568.001-R-1  
PARCEL NO.: 16-23-225-011-0000

The parties of record before the Property Tax Appeal Board are Derrick Brooks, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,671  
**IMPR.:** \$18,886  
**TOTAL:** \$22,557

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 1,935 square feet of living area. The home is approximately 13 years old. Features include a full basement, central air conditioning, at least one fireplace, and a 2-car garage.<sup>1</sup> The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-07 dwellings of wood or wood and masonry exterior construction ranging in size from 1,600 to 1,780 square feet of living area. The homes range in age from 12 to 15 years old. Each comparable has a full basement and one fireplace. Four comparables each have central air conditioning. Four comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$9,308 to \$10,589 or from \$5.79 to \$6.19 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$11,397 or \$5.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,557. The subject property has an improvement assessment of \$18,886 or \$9.76 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-07 dwellings of frame exterior construction ranging from 1,488 to 1,719 square feet of living area. The homes range in age from 13 to 16 years old. Each comparable has a full basement, three of which have finished area, and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$17,431 to \$19,328 or from \$11.05 to \$12.06 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #5 as well as board of review comparable #2 which are similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in basement finish, garage amenity, and other features suggesting appropriate adjustments would be necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$10,299 to \$19,002 or from \$5.79 to \$11.05 per square foot of living area. The subject's improvement assessment of \$18,886 or \$9.76 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
