

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stefan Bloomfield  
DOCKET NO.: 21-34576.001-R-1  
PARCEL NO.: 13-36-227-074-0000

The parties of record before the Property Tax Appeal Board are Stefan Bloomfield, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,375  
**IMPR.:** \$91,625  
**TOTAL:** \$104,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,712 square feet of living area. The home is approximately 7 years old. Features include a full basement with finished area, central air conditioning, at least one fireplace, and a 2-car garage.<sup>1</sup> The property has a 2,750 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story or "3-story or higher", class 2-78 dwellings of masonry exterior construction ranging in size from 2,397 to 2,961 square feet of living area. The homes range in age from 2 to 10 years old. Each comparable has a full basement with finished area, central air conditioning, either one or two fireplaces, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$61,740 to \$87,757 or from \$25.73 to \$30.41 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,000. The subject property has an improvement assessment of \$91,625 or \$33.79 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction with either 2,194 or 2,557 square feet of living area. The homes are each 7 years old. Each comparable has a full basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$83,921 to \$91,022 or from \$35.60 to \$39.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 as well as board of review comparable #1 which are more similar to the subject in location, design, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$74,689 to \$91,022 or from \$29.35 to \$35.60 per square foot of living area. The subject's improvement assessment of \$91,625 or \$33.79 per square foot of living area falls slightly above the range established by the best comparables in this record but within the range on a per square foot basis. The subject's higher improvement assessment is logical as it is a larger home than board of review comparable #1 which establishes the upper end of the overall improvement assessment range. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
