

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polywka
DOCKET NO.: 21-34652.001-R-1
PARCEL NO.: 17-06-310-002-0000

The parties of record before the Property Tax Appeal Board are George Polywka, the appellant, by attorney Jason W. Newton, of Schoenberg Finkel Beederman Bell Glazer LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,208
IMPR.: \$39,978
TOTAL: \$66,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,374 square feet of gross building area. The building is approximately 111 years old. Features include a full basement. The property has a 3,744 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property and from 0.2 to 0.4 of mile from the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,588 to 2,722 square feet of gross building area. The buildings are each 115 years old. The comparables each

have a full basement. Two comparables have either a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$26,000 to \$32,641 or from \$10.05 to \$11.99 per square foot of gross building area.¹ Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,186. The subject property has an improvement assessment of \$39,978 or \$16.84 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code and on the same block as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,256 to 2,680 square feet of gross building area. The buildings range in age from 97 to 129 years old. The comparables each have a full basement, one which is finished with an apartment. Each comparable has either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$39,818 to \$54,500 or from \$17.65 to \$20.34 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as board of review comparables #1 and #3 which are similar to the subject in location, design, age, and gross building size with varying degrees of similarity in garage amenity and other features suggesting appropriate adjustments would be necessary to make them more equivalent to the subject. The three best comparables have improvement assessments ranging from \$26,000 to \$54,500 or from \$10.05 to \$20.34 per square foot of gross building area. The subject property's improvement assessment of \$39,978 or \$16.84 per square foot on gross building area falls within the range established by the best comparables in this record. The Board gives diminished weight to the appellant's comparables #2 and #3 as well as board of review comparable #2 for substantial differences from the subject in building size or age. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ The Board finds the appellant miscalculated the improvement per square foot in the grid analysis and has made the appropriate corrections to the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
