

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Forsberg
DOCKET NO.: 21-34660.001-R-1
PARCEL NO.: 14-17-205-008-0000

The parties of record before the Property Tax Appeal Board are Donna Forsberg, the appellant, by attorney Thomas E. Sweeney, of Siegel Jennings Co., LPA in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,700
IMPR.: \$71,300
TOTAL: \$101,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 8,628 square feet of building area. The building is approximately 113 years old. Features of the building include a full basement and 6.0 bathrooms. The property has a 4,950 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 8,112 to 9,216 square feet of building area. The comparables

range in age from 100 to 118 years old. The appellant did not provide descriptions of the foundation type for the suggested comparables. Each building features 6 full bathrooms, with one building also having a half bathroom. The comparables have improvement assessments ranging from \$25,700 to \$60,900 or from \$2.79 to \$7.29 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,000. The subject property has an improvement assessment of \$71,300 or \$8.26 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging from 8,172 to 9,186 square feet of building area. The comparables range in age from 22 to 118 years old. The comparables each have a basement, two of which have finished area. Two comparables each have central air conditioning, three fireplaces, and a 4-car garage. Each building features six full bathrooms, with two buildings also having six half bathrooms. The comparables have improvement assessments ranging from \$78,800 to \$93,079 or from \$8.59 to \$11.39 per square foot of building area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are more similar to the subject in location, age, building size, and most features. These comparables have improvement assessments of \$78,800 and \$78,900 or \$8.78 and \$8.59 per square foot of building area, respectively. The subject's improvement assessment of \$71,300 or \$8.26 per square foot of building area falls below the two best comparables in this record. The Board gives diminished weight to the appellant's comparables which lack descriptive information on the foundation type for the suggested comparables which is needed by the Board to conduct a meaningful analysis of these comparables for similarity to the subject. The Board also gives less weight to board of review comparables #2 and #3 which differ substantially from the subject in age, bathroom count, and fireplace count as well as having finished basement area and a garage, both features the subject lacks. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
