

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean M. Harper
DOCKET NO.: 21-35054.001-R-1
PARCEL NO.: 13-25-217-009-0000

The parties of record before the Property Tax Appeal Board are Sean M. Harper, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,000
IMPR.: \$38,000
TOTAL: \$53,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 3,010 square feet of building area. The building is approximately 123 years old. Features include a slab foundation and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-11 multi-family buildings of wood, masonry, or wood and masonry exterior construction ranging in size from 2,364 to 3,762 square feet of building area. The buildings

range in age from 106 to 132 years old. The comparables each have a full or partial basement, four of which are finished with an apartment. One comparable has central air conditioning. Eight comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$19,240 to \$45,369 or from \$7.32 to \$12.06 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$29,733 or \$9.88 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,000. The subject property has an improvement assessment of \$38,000 or \$12.62 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,010 to 3,172 square feet of building area. The buildings range in age from 108 to 120 years old. Three comparables each have a full basement finished with an apartment and one comparable has a slab foundation. One comparable has central air conditioning. Three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$41,841 to \$49,375 or from \$13.22 to \$15.70 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, #4, and #6 as well as the board of review comparables which are similar to the subject in location, class code, age, and building size with varying degrees of similarity in design, foundation type, garage amenity, and other features. The Board gives most weight to board of review comparable #3 which has an improvement assessment of \$41,841 or \$13.22 per square foot of living area and is the only comparable with a slab foundation, like the subject, and is similar to the subject in overall property characteristics. The best comparables have improvement assessments ranging from \$29,000 to \$49,375 or from \$9.12 to \$15.70 per square foot of building area. The subject's improvement assessment of \$38,000 or \$12.62 per square foot of building area falls within the range established by the best comparables in this record and below the comparable given most weight by the board. The Board gives less weight to the appellant's remaining comparables which are less similar to the subject in dwelling size than other comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
