

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Luberda
DOCKET NO.: 21-35060.001-R-1
PARCEL NO.: 16-09-220-002-0000

The parties of record before the Property Tax Appeal Board are David Luberda, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,562
IMPR.: \$18,437
TOTAL: \$21,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,314 square feet of building area. The building is approximately 108 years old. Features of the building include a full basement and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of wood or masonry exterior construction ranging in size from 1,920 to 2,492 square feet of building area. The buildings range in age from 106 to

136 years old. Six comparables each have a full or partial basement, two of which have finished area, and three comparables each have a slab foundation. Six comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$2,626 to \$14,690 or from \$1.34 to \$6.16 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$8,472 or \$3.66 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,999. The subject property has an improvement assessment of \$18,437 or \$7.97 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,076 to 2,444 square feet of building area. The buildings range in age from 100 to 108 years old. The comparables each have a full basement, one of which has finished area. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$17,007 to \$20,437 or from \$8.19 to \$8.65 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3, and #8 as well as board of review comparables #1, #2, and #3 which are overall more similar to the subject in location, design, age, building size, and other features. The best comparables have improvement assessments ranging from \$4,190 to \$20,437 or from \$1.82 to \$8.65 per square foot of building area. The subject's improvement assessment of \$18,437 or \$7.97 per square foot of building area falls within the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables #2, #5, #6, and #9 due to differences in foundation type and/or garage amenity when compared to the subject. The Board also gives less weight to the appellant's comparables #4 and #7 as well as board of review comparable #4 which have basement finish, unlike the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
