

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Castelli
DOCKET NO.: 21-35126.001-R-1
PARCEL NO.: 17-18-315-066-0000

The parties of record before the Property Tax Appeal Board are John Castelli, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,986
IMPR.: \$40,342
TOTAL: \$49,328

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 3,894 square feet of gross building area and is approximately 138 years old. Features of the building include a full basement. The property has a 1,997 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-11 multi-family buildings¹ of masonry exterior construction ranging in size from

¹ The appellant reported comparables #1 and #3 are 2-story buildings and comparables #2 and #4 are 3-story or higher buildings.

3,754 to 4,784 square feet of gross building area. The buildings range in age from 3 to 134 years old. Three comparables each have a full basement and one comparable has a slab foundation. One comparable has central air conditioning. Two comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$22,289 to \$43,825 or from \$4.66 to \$9.92 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$25,543 or \$6.56 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,328. The subject property has an improvement assessment of \$40,342 or \$10.36 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,510 to 3,720 square feet of gross building area. The buildings range in age from 128 to 138 years old. Each comparable has a full basement, two of which are finished with an apartment. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$38,526 to \$48,093 or from \$10.36 to \$13.70 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3 which are more similar to the subject in location, design/class, age, building size, and most features. The two best comparables have improvement assessments of \$38,526 and \$48,093 or \$10.36 and \$13.70 per square foot of gross building area, respectively. The subject's improvement assessment of \$40,342 or \$10.36 per square foot of gross building area is bracketed by the two best comparables in this record on an overall basis and matches board of review comparable #1 on a per square foot basis. The parties' remaining comparables were accorded diminished weight due to disparities from the subject in design, age, gross building size, and/or garage amenity. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
