

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donald Gillespie
DOCKET NO.: 21-35170.001-R-1
PARCEL NO.: 09-07-220-029-0000

The parties of record before the Property Tax Appeal Board are Donald Gillespie, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,830
IMPR.: \$21,094
TOTAL: \$25,924

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,175 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a basement with finished area, 1½ bathrooms, central air conditioning and a 2-car garage.¹ The property has a 6,900 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.77 of a mile of the subject.

¹ The Board finds the best description of the subject property was provided in the board of review's grid analysis which was unrefuted by the appellant.

The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,216 to 1,387 square feet of living area. The homes are 59 to 66 years old. The comparables have unfinished basements, 1½ or 2 bathrooms and 1 or 2 fireplaces. Four comparables each have central air conditioning and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$12,718 to \$18,536 or from \$10.26 to \$13.37 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$25,924. The subject property has an improvement assessment of \$21,094 or \$17.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately ¼ of a mile of the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,050 to 1,175 square feet of living area. The homes are 55 to 58 years old. The comparables have basements with finished area, 1½ or 2½ bathrooms, central air conditioning, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,289 to \$22,403 or from \$18.37 to \$19.21 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in location and lack a finished basement area, central air conditioning and/or a garage amenity, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables that are located within the same assessment neighborhood and block as the subject property. Additionally, these comparables are similar, and/or identical, to the subject in design, age, dwelling size, basement finish, and most features. These four comparables have improvement assessments ranging from \$19,289 to \$22,403 or from \$18.37 to \$19.21 per square foot of living area. The subject's improvement assessment of \$21,094 or \$17.95 per square foot of living area falls within the range established by the best comparables in the record on an overall improvement assessment basis and below on a per-square-foot basis. After considering adjustments to the best comparables for differences to the subject, the Board finds the appellant

did not demonstrate the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
