

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Brennan
DOCKET NO.: 21-35177.001-R-1
PARCEL NO.: 09-26-317-003-0000

The parties of record before the Property Tax Appeal Board are James Brennan, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,312
IMPR.: \$34,269
TOTAL: \$39,581

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,017 square feet of living area. The dwelling is approximately 111 years old. Features of the home include an unfinished basement and a 2-car garage.¹ The property has a 6,250 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the subject's improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.06 of a

mile to 1.31 miles from the subject. The comparables are improved with class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,701 to 2,035 square feet of living area. The dwellings are 90 or 113 years old. Each comparable has a basement with two having finished area, 1 or 2 fireplaces, and from a 1-car to a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments that range from \$22,155 to \$32,214 or from \$12.93 to \$16.83 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$39,581. The subject property has an improvement assessment of \$34,269 or \$16.99 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile from the subject. The comparables are improved with class 2-05, 2-story dwellings of frame exterior construction ranging in size from 1,520 to 2,172 square feet of living area. The dwellings are 93 to 124 years old. Each comparable has an unfinished basement and from a 1-car to a 2.5-car garage. One comparable has central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments that range from \$27,579 to \$42,980 or from \$18.14 to \$21.58 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with the board of review's comparables #3 and #4 which are less similar to the subject in proximity and/or dwelling size when compared to the subject.

The Board finds the best comparables to be the parties' remaining comparables that are overall most similar to the subject in location, age, and dwelling size with varying degrees of similarity in other features. These three comparables have improvement assessments ranging from \$32,214 to \$42,980 or from \$16.83 to \$21.58 per square foot of living area. The subject's improvement assessment of \$34,269 or \$16.99 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
