

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kent Lor
DOCKET NO.: 21-35191.001-R-1
PARCEL NO.: 09-33-202-021-0000

The parties of record before the Property Tax Appeal Board are Kent Lor, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,060
IMPR.: \$21,563
TOTAL: \$26,623

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,445 square feet of living area. The dwelling is approximately 42 years old. Features of the home include a full basement, 1½ bathrooms and a 2-car garage.¹ The property has an 8,096 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables

¹ The parties differ with regards to several descriptive characteristics of the subject property. The board of review described the property as having a full unfinished basement, no central air conditioning and no fireplaces, which was not disputed by the appellant via a rebuttal filing.

located within the subject's assessment neighborhood and within 0.57 of a mile from the subject. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,169 to 1,465 square feet of living area. The dwellings are 59 to 64 years old. One comparable has a slab foundation, and four comparables each have a full basement. Each comparable has 1 or 1½ bathrooms and 1 or 2 fireplaces. One comparable has central air conditioning, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$11,293 to \$13,507 or from \$7.71 to \$10.56 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$26,623. The subject property has an improvement assessment of \$21,563 or \$14.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction containing 1,197 or 1,548 square feet of living area. The comparables are 49 or 52 years old. Each comparable has a full basement, 1½ bathrooms and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$19,398 to \$23,687 or from \$15.30 to \$17.00 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to considerable differences in their older ages, foundation type and/or garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables are relatively similar to the subject in location, design, age, dwelling size and foundation type with varying degrees of similarity in other features. These four comparables have improvement assessments ranging from \$19,398 to \$23,687 or from \$15.30 to \$17.00 per square foot of living area. The subject's improvement assessment of \$21,563 or \$14.92 per square foot of living area falls within the range established by the best comparables in the record on an overall improvement assessment basis and below the range on a per-square-foot basis. After considering adjustments to the best comparables for differences from the subject, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
