

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dane Placko
DOCKET NO.: 21-35194.001-R-1
PARCEL NO.: 09-34-203-012-0000

The parties of record before the Property Tax Appeal Board are Dane Placko, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,930
IMPR.: \$28,799
TOTAL: \$35,729

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,396 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a basement, central air conditioning and a 2-car garage.¹ The property has a 6,600 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.05 of a mile to 1.42 miles of

¹ The parties differ whether the subject has finished or unfinished basement area and a central air conditioning amenity.

the subject. The comparables consist of class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,238 to 1,445 square feet of living area. The homes are 58 to 64 years old. Each comparable has a basement, and four comparables each have central air conditioning, and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,214 to \$25,170 or from \$14.68 to \$19.71 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,729. The subject property has an improvement assessment of \$28,799 or \$20.63 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of masonry exterior construction ranging in size from 1,391 to 1,469 square feet of living area. The homes are 58 or 59 years old. Each comparable has a basement and from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$29,002 to \$33,280 or from \$20.85 to \$23.22 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties provided nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 which are located approximately a mile or more away from the subject or lack a garage amenity, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #5 as well as the board of review's comparables. These comparables are overall most similar to the subject in location, dwelling size, age and have a garage amenity, like the subject, but have varying degrees of similarity in other features. These six comparables have improvement assessments ranging from \$23,188 to \$33,280 or from \$16.99 to \$23.22 per square foot of living area. The subject's improvement assessment of \$28,799 or \$20.63 per square foot of living area falls within the range established by the best comparables in this record. After considering the adjustments to the best comparables for differences to the subject, the Board finds the appellant did not demonstrate the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
