

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresa Zelkowska
DOCKET NO.: 21-35204.001-R-1
PARCEL NO.: 09-24-405-070-0000

The parties of record before the Property Tax Appeal Board are Teresa Zelkowska, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,328
IMPR.: \$22,829
TOTAL: \$28,157

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a one-story dwelling of masonry exterior construction containing 1,560 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a full basement with a formal recreation room, two bathrooms, and a 2-car garage.² The property has a 6,875 square foot site located in Niles, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The appellant's counsel originally requested a hearing before the Property Tax Appeal Board but subsequently withdrew the request for a hearing.

² The appellant described the subject as not having central air conditioning while the board of review described the subject as having central air conditioning.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-03 properties improved with one-story dwellings of masonry exterior construction that range in size from 1,260 to 1,448 square feet of living area. The homes range in age from 62 to 66 years old. Each comparable has a full basement with finished area, central air conditioning, one or two fireplaces, and 1½ bathrooms. Three comparables have a 1-car, 2-car or 2.5-car garage. The comparables have the same assessment neighborhood code as the subject property and are located from .28 to .58 of a mile from the subject property. Their improvement assessments range from \$11,222 to \$15,033 or from \$7.75 to \$10.75 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$15,335.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,157. The subject property has an improvement assessment of \$22,829 or \$14.63 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-03 properties improved with one-story dwellings of masonry exterior construction that range in size from 1,388 to 1,447 square feet of living area and in age from 31 to 57 years old. Each home has a full unfinished basement, 1½ bathrooms, and a 2-car garage. Three comparables have central air conditioning. These properties have the same assessment neighborhood code as the subject and are located approximately ¼ of a mile from the subject. Their improvement assessments range from \$21,806 to \$27,799 or from \$15.07 to \$19.74 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location and age than are the comparables submitted by the appellant. These comparables have improvement assessments ranging from \$21,806 to \$27,799 or from \$15.07 to \$19.74 per square foot of living area. The subject's improvement assessment of \$22,829 or \$14.63 per square foot of living area falls within the overall range of the improvement assessments but below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
