

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: May Rodrigo  
DOCKET NO.: 21-35222.001-R-1  
PARCEL NO.: 09-14-111-031-0000

The parties of record before the Property Tax Appeal Board are May Rodrigo, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,650  
**IMPR.:** \$34,947  
**TOTAL:** \$51,597

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.<sup>1</sup>

**Findings of Fact**

The subject property is improved with a two-story dwelling of frame and masonry exterior construction containing 3,467 square feet of living area. The dwelling is approximately 12 years old. Features of the property include a full basement with a recreation room, central air conditioning, one fireplace, 4½ bathrooms, and a 3-car garage. The property has a 16,650 square foot site located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame and

masonry exterior construction that range in size from 2,860 to 3,563 square feet of living area. The homes range in age from 15 to 27 years old. Four comparables have full basements with recreation rooms. Each comparable has central air conditioning, one fireplace, 2½ or 3½ bathrooms, and a 2-car or 3-car garage. The comparables have the same assessment neighborhood code as the subject property and are located from .15 to .92 of a mile from the subject property. The comparables have improvement assessments ranging from \$18,418 to \$33,654 or from \$6.44 to \$9.74 per square foot of building area. The appellant requested the subject's improvement assessment be reduced to \$27,493.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,597. The subject property has an improvement assessment of \$34,947 or \$10.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-78 properties improved with two-story dwellings of masonry exterior construction that range in size from 3,356 to 3,649 square feet of living area. The homes range in age from 12 to 19 years old. Each property has a full unfinished basement, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and a 2-car or 3-car garage. These properties have the same neighborhood code as the subject and are located in the same block, ¼ of a mile from the subject or in the "subarea." These properties have improvement assessments ranging from \$35,318 to \$40,912 or from \$10.30 to \$12.19 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1, #2 and #3 due to differences from the subject dwelling in size and age. The Board gives less weight to appellant's comparable #4 due to differences from the subject in foundation. The Board finds the best evidence of assessment equity to be appellant's comparable #5 and the board of review comparables that are improved with two-story dwellings that range in size from 3,356 to 3,649 per square feet of living area and in age from 12 to 21 years old. Each comparable has one or two fewer bathrooms than the subject, two comparables have smaller garages than the subject, and the board of review comparables have unfinished basements, unlike the subject's finished basement area, suggesting each comparable would require an upward adjustment to make the property more equivalent to the subject. These comparables have improvement assessments that range from \$33,200 to \$40,912 or from \$9.74 to \$12.19 per square foot of living area. The subject's improvement assessment of \$34,947 or \$10.08 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
