

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yash Patel
DOCKET NO.: 21-35240.001-R-1
PARCEL NO.: 09-15-210-113-0000

The parties of record before the Property Tax Appeal Board are Yash Patel, the appellant, by Andreas Mamalakis, attorney-at-law of the Law Offices of Andreas Mamalakis in Kenosha, Wisconsin, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,286
IMPR.: \$16,318
TOTAL: \$19,604

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry exterior construction containing 1,672 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a full basement, central air conditioning, and a 1½ bathrooms.² The property has a 3,286 square foot site located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The appellant's counsel originally requested a hearing before the Property Tax Appeal Board but subsequently withdrew the request for a hearing.

² The appellant described the subject as having a full basement with a recreation room, and one fireplace. The board of review described the subject as having a full unfinished basement and no fireplace. Neither party provided additional documentary evidence in support of their respective descriptions of the subject property.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-95 properties improved with two-story dwellings of frame and masonry exterior construction that range in size from 1,550 to 1,632 square feet of living area. The dwellings are 55 or 58 years old. Each comparable has a full basement with three having finished area, one or two fireplaces, and 1½ or 2 bathrooms. Four comparables have central air conditioning. These properties have the same assessment neighborhood code as the subject and are located from .32 to .74 of a mile from the subject property. Their improvement assessments range from \$10,518 to \$11,564 or from \$6.79 to \$7.31 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$11,854.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,604. The subject property has an improvement assessment of \$16,318 or \$9.76 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-95 properties improved with two-story dwellings of frame and masonry exterior construction each with 1,672 square feet of living area. The dwellings range in age from 55 to 57 years old. Each property has a full basement with one having finished area, central air conditioning and 1½ bathrooms. These properties have the same assessment neighborhood code as the subject and are located in the same block as the subject property. Comparables #1 and #2 are located on the same street as the subject property. The comparables have improvement assessments that range from \$16,795 to \$16,901 or from \$10.04 to \$10.11 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables that are more similar to the subject in location and dwelling size than are the comparables submitted by the appellant. The board of review comparables are also similar to the subject in features and have improvement assessments that range from \$16,795 to \$16,901 or from \$10.04 to \$10.11 per square foot of living area. The subject's improvement assessment of \$16,318 or \$9.76 per square foot of living area falls below the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels,

all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
