

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Palenik
DOCKET NO.: 21-35255.001-R-1
PARCEL NO.: 23-14-115-016-0000

The parties of record before the Property Tax Appeal Board are Anna Palenik, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,362
IMPR.: \$20,152
TOTAL: \$25,514

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,491 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a crawl space foundation, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 8,580 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. One property is also located in the same block as the subject property. The comparables are improved with 2-story class 2-78 dwellings of frame and masonry exterior construction ranging

in size from 2,434 to 2,956 square feet of living area. The homes range in age from 35 to 51 years old. Two comparables have a basement and three comparables have a concrete slab foundation. Each dwelling has one or two fireplaces and a 2-car or a 2.5-car garage. Four homes have central air conditioning. The comparables have improvement assessments ranging from \$10,492 to \$14,464 or from \$4.21 to \$5.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,629 or \$5.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,514. The subject property has an improvement assessment of \$20,152 or \$8.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and the same block as the subject property. The comparables are improved with 2-story class 2-78 dwellings of frame and masonry exterior construction each with 2,491 square feet of living area that are 46 or 47 years old. Each comparable has a crawl space foundation, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$21,690 to \$21,768 or from \$8.71 to \$8.74 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 which, based on its improvement assessment and per square foot improvement assessment, appears to be an outlier when compared to other properties in the record. The Board gives less weight to appellant comparables #2, #3, #4 and #5 which are less similar to the subject in location, dwelling size and/or foundation type than other properties in the record. The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical or nearly identical to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments ranging from \$21,690 to \$21,768 or from \$8.71 to \$8.74 per square foot of living area. The subject's improvement assessment of \$20,152 or \$8.09 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
