

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Charles Graf
DOCKET NO.: 21-35263.001-R-1
PARCEL NO.: 23-14-401-034-0000

The parties of record before the Property Tax Appeal Board are Charles Graf, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$4,500
IMPR.:	\$18,975
TOTAL:	\$23,475

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,383 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a basement, 1½ bathrooms, central air conditioning and a 2-car garage. The property has an approximately 7,200 square foot site and is located in Palos Hills, Palos Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and within 0.86 of a mile from the subject property. The comparables are improved with 1-story class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,226 to 1,493 square feet of living area

that are either 47 or 51 years old. Four comparables have a basement, three of which have finished area, and one comparable has a concrete slab foundation. Each dwelling has from 1 to 2 bathrooms and one or two fireplaces. Two homes have central air conditioning and four comparables have a 2-car garage. The comparables have improvement assessments ranging from \$11,164 to \$15,842 or from \$8.08 to \$10.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$13,429 or \$9.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,475. The subject property has an improvement assessment of \$18,975 or \$13.72 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, same block or within the same subarea as the subject property. The comparables are reported to be improved with 1-story¹ class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,151 to 1,396 square feet of living area. The homes range in age from 45 to 47 years old. Three comparables have a basement, with one having finished area and one comparable has a crawl space foundation. Each dwelling has either 1, 1½ or 3 bathrooms, central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$16,152 to \$20,308 or from \$13.77 to \$14.68 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #2, #3 and #4 along with board of review comparables #2, #3 and #4 which are less similar to the subject in dwelling size and/or differ in foundation type.

The Board finds the best evidence of assessment equity to be appellant comparables #1 and #5 as well as board of review comparable #1 which are more similar to the subject in location, age, design, dwelling size and some features. However, these properties present varying degrees of similarity to the subject in basement finish, bathroom count and presence of central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments ranging from \$11,164 to \$20,308 or from \$8.08 to \$14.68 per square foot of living area. The subject's improvement assessment of

¹ Photographs of the comparable properties submitted by the board of review depict comparables #2 and #3 to be multi-level dwellings.

\$18,975 or \$13.72 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
