

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Mangino
DOCKET NO.: 21-35291.001-R-1
PARCEL NO.: 12-25-120-006-0000

The parties of record before the Property Tax Appeal Board are Paul Mangino, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,456
IMPR.: \$17,838
TOTAL: \$21,294

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,110 square feet of living area. The dwelling is approximately 91 years old. Features include a full basement, one fireplace, and a 2-car garage.¹ The property has a 4,166 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on five equity comparables located within the subject's assessment neighborhood code. For clarity in the record, the single comparable on the second grid was renumbered as #5. The

¹ The parties disagree as to several property characteristics of the subject property. The Board finds the best description of the subject was provided by the appellant for which the description provided in Section III of the appeal petition was corroborated by the Section V grid analysis.

comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,002 to 1,329 square feet of living area. The homes range in age from 79 to 93 years old. Each comparable has a full basement, one or two fireplaces, and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$9,766 to \$15,541 or from \$9.75 to \$11.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,294. The subject property has an improvement assessment of \$17,838 or \$16.07 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,017 to 1,110 square feet of living area. The homes range in age from 68 to 91 years old. Each comparable has a full basement and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$15,764 to \$19,266 or from \$15.50 to \$17.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has an improvement assessment that is substantially lower than other comparables in this record, thus, making this comparable an outlier. The Board also gives less weight to the appellant's comparables #2 through #5 as well as board of review comparable #1 which differ substantially from the subject in dwelling size, age, and/or have a dissimilar 1.5-story design when compared to the subject's 1-story design.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3, and #4 which are similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$19,073 to \$19,266 or from \$17.21 to \$17.47 per square foot of living area. The subject's improvement assessment of \$17,838 or \$16.07 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
