

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Angel Osorio
DOCKET NO.: 21-35300.001-R-1
PARCEL NO.: 12-25-411-022-0000

The parties of record before the Property Tax Appeal Board are Angel Osorio, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$2,812
IMPR.:	\$20,130
TOTAL:	\$22,942

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 2,052 square feet of gross building area. The building is approximately 59 years old. Features of the building include an unfinished basement, 2 bathrooms and a 1.5-car garage. The property has a 3,125 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.15 to 0.61 of a mile from the subject property. The comparables consist of class 2-11, 1-story or 2-story multi-family buildings of masonry exterior construction ranging in size from 1,900 to 2,472 square feet of

gross building area. The buildings are from 53 to 73 years old. Each comparable has a basement with four having finished area, 2 or 3 bathrooms, 1 or 2 fireplaces, and a 2-car garage. The comparables have improvement assessments that range from \$18,210 to \$25,017 or from \$9.39 to \$10.24 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$20,130 or \$9.80 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,369. The subject property has an improvement assessment of \$23,557 or \$11.48 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and either within the subject's block or approximately ¼ of a mile of the subject property. The comparables consist of class 2-11, 1-story, 1.5-story or 2-story multi-family buildings of masonry exterior construction ranging in size from 1,566 to 2,040 square feet of gross building area. The buildings are from 51 to 68 years old. Each comparable has a basement with finished area, 2 or 3 bathrooms and either a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments that range from \$18,210 to \$25,150 or from \$9.58 to \$13.50 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #5 along with the board of review comparables #2 and #4 due to significant differences from the subject in design, age and/or building size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, design, age and building size. However, the comparables have a larger garage capacity, finished basement area and/or central air conditioning amenity, which are not features of the subject, suggesting downward adjustments are needed to make them more equivalent to the subject. These three comparables have improvement assessments that range from \$22,013 to \$25,150 or from \$9.95 to \$12.33 per square foot of gross building area. The subject's improvement assessment of \$23,557 or \$11.48 per square foot of gross building area falls within the range established the best comparables in the record. However, after considering the appropriate adjustments to the comparables for

differences to the subject, the Board finds the subject's improvement assessment is excessive. Based on this record, the Board finds the appellant demonstrated the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
