

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Manuel Hernandez
DOCKET NO.: 21-35322.001-R-1
PARCEL NO.: 14-31-427-051-0000

The parties of record before the Property Tax Appeal Board are Jose Manuel Hernandez, the appellant, by attorney Jason W. Newton, of Schoenberg Finkel Beederman Bell Glazer LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,328
IMPR.: \$74,653
TOTAL: \$94,981

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,076 square feet of living area. The home is approximately 33 years old. Features include a full basement finished with a recreation room, central air conditioning, two fireplaces, and a 2-car garage. The property has a 2,904 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the subject's assessment neighborhood code but did not disclose the proximity of the comparables relative to the subject. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,090 to 2,298

square feet of living area. The homes range in age from 16 to 31 years old. Two comparables each have a full basement, but the appellant did not disclose whether the basements were finished, and one comparable has a slab foundation. Each comparable has central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$63,050 to \$71,125 or from \$29.41 to \$30.95 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$62,695 to \$30.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,981. The subject property has an improvement assessment of \$74,653 or \$35.96 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,010 to 2,093 square feet of living area. The homes range in age from 16 to 22 years old. Each comparable has a full basement finished with a recreation room, central air conditioning and from a 2-car to 3.5-car garage. Three comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$73,558 to \$91,000 or from \$36.20 to \$45.27 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration, each of which is similar to the subject in location, design, and dwelling size. However, the Board gives less weight to the appellant's comparables #1 and #3 as well as board of review comparables #1 and #4 which are less similar to the subject in age than other comparables in this record or differ in foundation type when compared to the subject. Nevertheless, the three remaining comparables have improvement assessments ranging from \$63,050 to \$91,000 or from \$29.41 to \$45.27 per square foot of living area. The subject's improvement assessment of \$74,653 or \$35.96 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
