

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Kirson
DOCKET NO.: 21-35365.001-R-1
PARCEL NO.: 17-06-433-010-0000

The parties of record before the Property Tax Appeal Board are Allan Kirson, the appellant, by attorney Jason W. Newton, of Schoenberg Finkel Beederman Bell Glazer LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,284
IMPR.: \$60,536
TOTAL: \$92,820

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction containing 3,328 square feet of gross building area. The building is approximately 125 years old. Features of the building include a full unfinished basement, 4 full bathrooms, and a 2-car garage. The property has a 4,612 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables consist of class 2-11, 2-story or 3-story, multi-family buildings of masonry exterior construction ranging in size from 3,066 to 3,981 square feet of gross building area. The buildings are 120 to

134 years old. Three buildings each have a full or partial basement, but no data was provided if the basements have finished area, if any. One building has a concrete slab foundation. Each comparable has 3 or 4 full bathrooms, one comparable has central air conditioning, one comparable has 1 fireplace, and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$45,534 to \$58,966 or from \$14.81 to \$14.93 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$49,487 or \$14.87 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,820. The subject property has an improvement assessment of \$60,536 or \$18.19 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-11, 2-story or 3-story, multi-family buildings of masonry exterior construction ranging in size from 3,318 to 4,511 square feet of gross building area. The buildings are from 27 to 143 years old. The buildings each have a full basement, two of which have finished area, and 3 or 4 full bathrooms. One building has 1 half bathroom. Two comparables each have central air conditioning, one comparable has 3 fireplaces, and one comparable has a 2-car garage. The comparables have improvement assessments that range from \$71,294 to \$83,724 or from \$18.56 to \$22.17 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4 as well as the board of review comparables #1 and #3 which differ from the subject in design, dwelling size, age, and/or have central air conditioning amenity, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, dwelling size, age, and some features. These three comparables have improvement assessments ranging from \$45,534 to \$72,125 or from \$14.85 to \$21.74 per square foot of gross building area. The subject's improvement assessment of \$60,536 or \$18.19 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the best

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
