

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Wenglarz  
DOCKET NO.: 21-35374.001-R-1  
PARCEL NO.: 13-36-209-006-0000

The parties of record before the Property Tax Appeal Board are Joseph Wenglarz, the appellant, by attorney Jeffrey G. Hertz, of Sarnoff Property Tax in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,375  
**IMPR.:** \$32,938  
**TOTAL:** \$45,313

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, multi-family building of frame exterior construction containing 1,720 square feet of gross building area. The building is approximately 135 years old. Features of the building include a full unfinished basement and 2 full bathrooms. The property has a 2,750 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located approximately 1.7 or 1.8 miles from the subject property. The comparables consist of class 2-11, 2-story or 3-story multi-family buildings of frame exterior construction ranging in size from

1,680 to 2,180 square feet of gross building area. The buildings are from 129 to 144 years old. The dwellings each have a full basement, but no data was provided if the basements have finished area. Each building has 2 or 4 bathrooms. Two comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$21,082 to \$27,456 or from \$12.45 to \$12.59 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,552 or \$12.53 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,313. The subject property has an improvement assessment of \$32,938 or \$19.15 per square foot of gross building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within ¼ of a mile from the subject. The comparables consist of class 2-11, 2-story multi-family buildings of frame exterior construction ranging in size from 1,696 to 1,824 square feet of gross building area. The buildings are from 121 to 129 years old. The buildings each have a full unfinished basement and 2 bathrooms. Two comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments that range from \$33,100 to \$41,937 or from \$19.52 to \$23.83 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparables #1 and #4 which are less similar to the subject in location, design, dwelling size and/or have a garage amenity, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #3 which are more similar to the subject in location, design, age, dwelling size and other features. These two comparables have improvement assessments of \$33,100 and \$36,100 or \$19.52 and \$20.61 per square foot of gross building area, respectively. The subject's improvement assessment of \$32,938 or \$19.15 per square foot of gross building area falls below the two best comparables in the record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
