

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe & Norma Nelson  
DOCKET NO.: 21-35647.001-R-1  
PARCEL NO.: 14-29-124-047-1003

The parties of record before the Property Tax Appeal Board are Joe & Norma Nelson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,500  
**IMPR.:** \$22,500  
**TOTAL:** \$45,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-bedroom residential condominium unit with 1,932 square feet of living area. The dwelling was constructed in 1993. The property has a 3,125 square foot site and is located in Chicago, Lakeview Township, Cook County. The property is a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$450,000 as of *January 1, 2022*.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,999. The subject's assessment reflects a market value of \$739,990 or \$383.02 per square foot of living area, including land, when applying the level of

assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a condominium analysis showing that one unit in the subject's building or 48% of ownership in the common elements sold January 2021 for a sales price of \$850,000. The sale price was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$1,770,833.

This appeal was the subject of a hearing. The appellants, their appraiser, and the board of review appeared via the WebEx platform. The appraiser testified he has worked as a certified appraiser since 1992 and conducted roughly 11,000 appraisals during his career. The appraiser further testified his appraisal of the subject property was consistent with his education and experience in the field. The appraiser also testified that he selected his comparables because they were all top-floor duplex condominium units like the subject property. The appellant testified the board of review's comparable sales were all from 2023.

The board of review rested on the evidence.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *the appraisal submitted by the appellant*. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$250,000 as of the assessment date at issue. Since market value has been established the 10% level of assessment for class 2 property determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)). After this reduction, the Board finds the subject is fairly assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
