

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trust # 8002374803
DOCKET NO.: 21-35673.001-R-1
PARCEL NO.: 23-01-411-045-0000

The parties of record before the Property Tax Appeal Board are Trust # 8002374803, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,573
IMPR.: \$8,897
TOTAL: \$15,470

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,210 square feet of living area. The dwelling is approximately 46 years old.¹ Features of the home include a concrete slab foundation, 1 bathroom and a 2-car garage. The property has an approximately 7,304 square foot site and is located in Bridgeview, Palos Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. According to the

¹ The Board finds the best evidence of the subject dwelling's age is found in the subject's property characteristic printout provided by the appellant.

property characteristic printouts provided by the appellant, the comparables are class 2-03 properties that are improved with 1-story dwellings of frame exterior construction ranging in size from 1,036 to 1,602 square feet of living area, two of which have attics with finished area. The dwellings are 70 to 92 years old. One comparable has a full unfinished basement, one comparable has a concrete slab foundation and two comparables each have a crawl space foundation. Each comparable has a 1 or 2 bathrooms and a 2-car or a 2½-car garage. The comparables have improvement assessments that range from \$5,442 to \$8,768 or from \$5.18 to \$5.47 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$6,445 or \$5.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,470. The subject property has an improvement assessment of \$8,897 or \$7.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-03 properties that are improved with 1-story dwellings of masonry exterior construction containing 1,210 or 1,326 square feet of living area. The dwellings are 32 or 44 years old. One comparable has a crawl space foundation, one comparable has a concrete slab foundation and two comparables each have a full unfinished basement. Each comparable has 1 or 2 bathrooms, two comparables have central air conditioning and three comparables each have a 2-car garage. The comparables have improvement assessments that range from \$8,895 to \$16,154 or from \$7.35 to \$12.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes and/or older ages when compared to the subject. Additionally, the appellant's comparables #3 and #4 each have an attic with finished area and/or a basement, unlike the subject. The Board has given reduced weight to board of review comparables #3 and #4 as each dwelling has central air conditioning and a basement, neither of which are features of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are identical to the subject in dwelling size and similar to the subject in location, design, age and most features. The comparables have improvement assessments of \$8,895 and \$8,899 or \$7.35 per square foot of living area. The subject's improvement assessment of \$8,897

or \$7.35 per square foot of living area is bracketed by the two best comparables in the record in terms of total improvement assessment and equal to both comparables on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
