

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pete Probst  
DOCKET NO.: 21-36198.001-R-1  
PARCEL NO.: 17-19-418-031-0000

The parties of record before the Property Tax Appeal Board are Pete Probst, the appellant, by attorney Katherine Amari O'Dell, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,425  
**IMPR.:** \$17,945  
**TOTAL:** \$25,370

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, mixed-use building of masonry exterior construction with 2,142 square feet of building area. The building is approximately 130 years old. Features include a partial basement and a 1.5-car garage. The property has a 2,475 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 2,016 to 2,376 square feet of building area. The buildings range in age from 99 to 130 years old. Each comparable has a partial basement;

however, the appellant did not address whether the basements had finished area. Two comparables each have a 1.5-car garage. The comparables have improvement assessments ranging from \$17,475 to \$19,700 or from \$7.97 to \$8.67 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$17,945 or \$8.38 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,486. The subject property has an improvement assessment of \$25,061 or \$11.70 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with 1-story, 1.5-story, or 3-story, class 2-12 mixed-use buildings of frame or masonry exterior construction ranging in size from 920 to 4,875 square feet of building area. The buildings range in age from 7 to 143 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Two comparables each have central air conditioning. One comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$17,625 to \$63,625 or from \$11.82 to \$19.16 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are overall most similar to the subject in design/class code, age, dwelling size, and other features. These two comparables have improvement assessments of \$18,800 and \$19,700 or \$7.97 and \$8.29 per square foot of building area, respectively. The subject's improvement assessment of \$25,061 or \$11.70 per square foot of building area falls above the two best comparables in this record and is excessive. The Board gives less weight to the appellant's comparables #3 and #4 which lack garages, a feature of the subject. The Board also gives less weight to the board of review comparables for differences in dwelling size and/or foundation type when compared to the subject. Further, board of review comparables #1, #3, and #4 lack garages, a feature of the subject. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
