

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Wagoner
DOCKET NO.: 21-36627.001-R-1
PARCEL NO.: 14-18-411-041-0000

The parties of record before the Property Tax Appeal Board are Edward Wagoner, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,709
IMPR.: \$91,291
TOTAL: \$112,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 2,600 square feet of living area. The dwelling is approximately 13 years old. Features include a full basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a 2,301 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 3-story, class 2-95 townhomes of masonry exterior construction ranging in size from 2,050 to 2,527 square feet of living area. The dwellings are either 1 or 19

years old. The comparables each lack a basement foundation. Each comparable has central air conditioning and either a 2-car or a 3-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$48,845 to \$77,309 or from \$23.64 to \$30.59 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$70,304 or \$27.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,000. The subject property has an improvement assessment of \$91,291 or \$35.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property, two of which are also on the same block and street as the subject. The comparables are improved with 2-story, class 2-95 townhomes of masonry exterior construction with either 2,255 or 2,600 square feet of living area. The dwellings are either 3 or 16 years old. Each comparable has a full basement with finished area, central air conditioning, either one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$91,228 to \$99,573 or from \$35.09 to \$44.16 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which are located on the same block and street as the subject and are identical to the subject in design, age, dwelling size, and other features. These two comparables have improvement assessments of \$91,228 and \$91,354 or \$35.09 and \$35.14 per square foot of living area. The subject's improvement assessment of \$91,291 or \$35.11 per square foot of living area is bracketed by the two most similar comparables in this record. The Board gives less weight to the parties' remaining comparables due to differences in design, dwelling size and/or age when compared to the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
