

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Taylor Lee
DOCKET NO.: 21-36660.001-R-1
PARCEL NO.: 03-20-203-008-0000

The parties of record before the Property Tax Appeal Board are Taylor Lee, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,500
IMPR.: \$53,660
TOTAL: \$71,160

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 5,237 square feet of living area and is approximately 19 years old. Features include a full basement,¹ central air conditioning, a fireplace, and a 3-car garage. The property has a 28,000 square foot site and is located in Arlington Heights, Wheeling Chicago Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with different assessment neighborhood codes than the subject, along with property characteristics sheets that were used by the Board to verify, add, or correct some data in the grid

¹ The board of review disclosed the subject has an unfinished full basement, which was unrefuted by the appellant.

analysis. The comparables are improved with 2-story, class 2-09 dwellings of masonry exterior construction ranging in size from 5,038 to 5,507 square feet of living area. The dwellings range in age from 0 to 36 years old. Three comparables each have a full basement, two of which have finished area, and two comparables are each reported to have "None" for basement area. Each comparable has central air conditioning and from a 3-car to a 4-car garage. Four comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$28,780 to \$45,001 or from \$5.71 to \$8.81 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,160. The subject property has an improvement assessment of \$53,660 or \$10.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with a different assessment neighborhood code than the subject property. The comparables are improved with 2-story, class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,007 to 6,340 square feet of living area. The dwellings are either 12 or 16 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, either one or two fireplaces, and either a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$57,654 to \$70,269 or from \$10.65 to \$12.24 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, and #5 which differ substantially from the subject in age and/or lack a basement foundation, which is a feature of the subject. The Board also gives less weight to board of review comparables #2 and #4 due to differences from the subject in basement finish or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparables #1 and #3 which are more similar to the subject in design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$42,431 to \$61,298 or from \$7.75 to \$12.24 per square foot of living area. The subject's improvement assessment of \$53,660 or \$10.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the subject's improvement was equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
