

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jon Boyd  
DOCKET NO.: 21-36672.001-R-1  
PARCEL NO.: 14-20-319-019-0000

The parties of record before the Property Tax Appeal Board are Jon Boyd, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,625  
**IMPR.:** \$47,379  
**TOTAL:** \$95,004

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,583 square feet of living area. The dwelling is approximately 133 years old. Features of the home include a basement with finished area, 2-full bathrooms, central air conditioning and a 2-car garage. The property has an approximately 3,175 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted Property Search Details and a grid analysis with information on five equity comparables located in the same assessment

neighborhood code as the subject property. The comparables are improved with 1.5-story<sup>1</sup> class 2-03 dwellings of frame or masonry exterior construction ranging in size from 1,452 to 1,551 square feet of living area. The homes range in age from approximately 105 to 138 years old. Four comparables have an unfinished basement and one comparable has no basement. Each dwelling has 1 or 2-full bathrooms. One home has central air conditioning and three comparables have either a 1-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$27,500 to \$33,500 or from \$18.52 to \$21.60 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$32,229 or \$20.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,004. The subject property has an improvement assessment of \$47,379 or \$29.93 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within ¼ of a mile from the subject property. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of frame exterior construction ranging in size from 1,125 to 1,676 square feet of living area. The homes range in age from 121 to 143 years old. Each comparable has a basement, three of which have finished area. Each property has either 1 or 2-full bathrooms and two comparables also have an additional half bathroom. One property has central air conditioning and a fireplace and two dwellings each have a 2-car garage. The comparables have improvement assessments ranging from \$43,125 to \$78,232 or from \$32.17 to \$59.95 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2, #4 and #5 which differ from the subject in age, foundation type and/or have one fewer full bathroom when compared to the subject. The Board gives less weight to board of review comparables #1, #3 and #4 which are less similar to the subject in age, design, dwelling size and/or bathroom count. Furthermore, board of review comparable #3 appears to be an outlier based on its per square foot improvement assessment when compared to other properties in the record.

---

<sup>1</sup> Some property details for the appellant's comparables were found in the Property Search Details submitted by the appellant.

The Board finds the best evidence of assessment equity to be appellant comparable #3 and board of review comparable #2 which are more similar to the subject in location, age, design, dwelling size and other features. These two comparables have improvement assessments of \$29,563 and \$52,534 or \$20.36 and \$32.17 per square foot of living area. The subject's improvement assessment of \$47,379 or \$29.93 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
