

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Powers
DOCKET NO.: 21-36688.001-R-1
PARCEL NO.: 14-20-315-003-0000

The parties of record before the Property Tax Appeal Board are James Powers, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,250
IMPR.: \$68,500
TOTAL: \$124,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,199 square feet of gross building area. The building is approximately 113 years old. Features of the building include a basement finished with an apartment, central air conditioning, and a 2-car garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information, including property information sheets, on five comparables located within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story class 2-11 buildings of frame, masonry or frame and masonry exterior construction ranging in size from 2,948 to 3,456 square feet of building

area. Four comparables each have a basement, two of which are finished with an apartment. One comparable has central air conditioning, one comparable has two fireplaces, and two comparables each have a 3.5-car garage. The comparables have improvement assessments ranging from \$38,925 to \$46,125 or from \$13.13 to \$13.35 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$42,258 or \$13.21 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$124,750. The subject property has an improvement assessment of \$68,500 or \$21.41 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables consist of 2-story class 2-11 buildings of masonry exterior construction ranging in size from 2,542 to 3,376 square feet of gross building area and are each 113 years old. Each building has a basement, three of which are finished with a recreation room or an apartment. Two comparables each have central air conditioning, one comparable has a fireplace, and each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$64,750 to \$96,625 or from \$21.78 to \$28.62 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Board. The Board gives less weight to the appellant's comparables which are less similar to the subject in design, age, foundation type, and/or garage amenity than the other comparables in the record. The Board gives less weight to the board of review comparable #2 due to its considerably smaller building size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #3, and #4. These comparables are identical to the subject in age and similar to the subject in location, design, building size, foundation type and some features. These three comparables have improvement assessments that range from \$64,750 to \$96,625 or from \$21.78 to \$28.62 per square foot of gross building area. The subject's improvement assessment of \$68,500 or \$21.41 per square foot of gross building area falls within the range established by the best comparables in this record on an overall basis and below the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
