

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohammed Qadeer
DOCKET NO.: 21-36689.001-R-1
PARCEL NO.: 04-23-401-081-0000

The parties of record before the Property Tax Appeal Board are Mohammed Qadeer, the appellant(s), by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,750
IMPR.: \$109,413
TOTAL: \$149,163

Subject only to the State multiplier as applicable.

Findings of Fact

The subject property is improved with a two-story dwelling of stucco construction containing 4,937 square feet of living area. As of the instant lien date the subject was 7 years old. Features of the home include a formal recreation room basement, central air conditioning, and a three-car garage. The subject has a 38,781 square foot site and is in Northfield, Northfield Township, Cook County.

Appellant's appeal is based on assessment equity, and Appellant submitted information on five suggested comparable two-story dwellings. They are frame, stucco, and masonry construction. Appellant did not disclose information regarding comparables' basements. All have air conditioning. Appellant's comparables range in size from 4,485 square feet to 4,880 square feet of living area and improvement assessments from \$18.00 to \$18.41 per square foot of living area. As of the lien date, Appellant's comparables ages range from 27 to 61 years old. Each comparable has the same neighborhood code as the subject property, with no further evidence on proximity to subject.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$149,163 was disclosed, or \$22.16 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings. The BOR did not disclose the proximity of the comparables presented. They are frame-and-masonry and masonry construction. All have air conditioning. As of the lien date the BOR comparables range from 2 to 16 years old. Three have an unfinished basement; the fourth is full formal recreation room. The comparables range from 4,241 to 4,902 square feet of building area and have improvement assessments from \$23.71 to \$25.01 per square foot of building area.

Conclusion of Law

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the BOR comparables 2 and 3 and Appellant comparables 2 and 5. All four comparables are similar to the subject's improvement size. BOR comparables 2 and 3 are within five years of the subject's age; Appellant comparable 2 is 27 years older than the subject; Appellant comparable 5 is 54 years older. Neither party did disclosed the presented comparables' proximities to the subject.

These four comparables have improvement assessments that range from \$18.18 to \$23.74 per square foot of living area. The subject's improvement assessment of \$22.16 per square foot of living area falls within the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
