

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Raskovich
DOCKET NO.: 21-36699.001-R-1
PARCEL NO.: 14-07-303-025-0000

The parties of record before the Property Tax Appeal Board are Nick Raskovich, the appellant, by attorney Ciarra J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,496
IMPR.: \$55,504
TOTAL: \$93,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,452 square feet of living area. The home is approximately 123 years old. Features of the home include a full unfinished basement. The property has a 4,687 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located in the same assessment neighborhood code as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,211 to 2,633 square feet of living area. The comparables are approximately 110 to 120 years old. Each comparable has a full or a partial basement, two of which have finished area.

Three comparables have either a 3-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$28,000 to \$33,200 or from \$11.70 to \$13.57 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$32,415 or \$13.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,000. The subject property has an improvement assessment of \$55,504 or \$22.64 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located in the same assessment neighborhood code as the subject and within the same subarea of a quarter of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of frame or masonry exterior construction ranging in size from 2,273 to 2,816 square feet of living area. The comparables are from 103 to 118 years old. Each comparable has a full basement, three of which have finished area, and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$57,500 to \$68,400 or from \$23.04 to \$29.75 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #5 as well as the board of review comparables #1, #3 and #4 due to differences in dwelling size, basement finish and/or lack of a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties remaining comparables. These comparables are overall more similar to the subject in location, dwelling size, age and lack a basement finish, like the subject, but still require adjustments for varying degrees of similarity in other features. These four comparables have improvement assessments ranging from \$28,000 to \$58,480 or from \$12.51 to \$25.73 per square foot of living area. The subject's improvement assessment of \$55,504 or \$22.64 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
