

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Siurek
DOCKET NO.: 21-36726.001-R-1
PARCEL NO.: 14-28-117-015-0000

The parties of record before the Property Tax Appeal Board are Michael Siurek, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,914
IMPR.: \$61,086
TOTAL: \$72,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of masonry exterior construction with 1,824 square feet of living area. The dwelling is approximately 133 years old. Features include a full unfinished basement and central air conditioning. The property has an 1,819 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same neighborhood code as the subject. The comparables consist of class 2-10, 2-story townhomes of masonry exterior construction ranging in size from 1,679 to 1,921 square feet of living area. The comparables are from approximately 65 to 68 years old. The comparables each have a full or partial basement, one of which has finished area. One

comparable has central air conditioning, and three comparables each have a fireplace. The comparables have improvement assessments ranging from \$40,846 to \$45,176 or from \$22.79 to \$24.33 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$43,593 or \$23.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,000. The subject property has an improvement assessment of \$61,086 or \$33.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and the same block as the subject or a quarter of a mile of the subject. The comparables are improved with class 2-10, 2-story townhomes of masonry exterior construction containing either 1,447 or 1,824 square feet of living area. The comparables are from 68 to 140 years old. The comparables each have a full basement, two of which have finished area. Two comparables each have central air conditioning, and three comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$48,652 to \$61,158 or from \$33.51 to \$33.62 per square foot of living area. The board of review noted their comparables are close to the subject in age, construction, "BSF" and proximity and building assessed values per square foot is the same or higher than the subject. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which are identical to the subject in dwelling size and similar in location, design, and age with varying degrees of similarity in other features. These three comparables have improvement assessments ranging from \$61,122 to \$61,158 or for either \$33.51 or \$33.53 per square foot of living area. The subject's improvement assessment of \$61,086 or \$33.49 per square foot of living area falls below the best comparables in this record. The Board gives less weight to the appellant's comparables and board of review comparable #4 which are less similar to the subject in age and/or dwelling size than the other comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
