

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Chan
DOCKET NO.: 21-36728.001-R-1
PARCEL NO.: 14-18-321-003-0000

The parties of record before the Property Tax Appeal Board are Jason Chan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,125
IMPR.: \$53,511
TOTAL: \$81,636

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,906 square feet of living area. The dwelling is approximately 120 years old. Features of the home include an unfinished basement, central air conditioning and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables that have the same assessment neighborhood code as the subject. The comparables consist of class 2-05 two-story dwellings of frame or masonry exterior construction ranging in size from 1,725 to 2,095 square feet of living area. The homes are from approximately 72 to 133 years old. The

comparables each have a basement, one of which has finished area. Two comparables each have central air conditioning, three comparables each have a fireplace, and two comparables have either a 1-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$32,000 to \$42,498 or from \$17.33 to \$21.15 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$38,672 or \$20.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,636. The subject property has an improvement assessment of \$53,511 or \$28.08 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-05 two-story dwellings of frame exterior construction ranging in size from 1,687 to 2,096 square feet of living area. The homes are from 113 to 123 years old. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$59,913 to \$76,100 or from \$33.01 to \$41.63 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

-Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3, and #4 which are overall more similar to the subject in location, dwelling size, and age with varying degrees of similarity in other features. These three comparables have improvement assessments ranging from \$59,913 to \$76,100 or from \$33.01 to \$41.63 per square foot of living area. The subject's improvement assessment of \$53,511 or \$28.08 per square foot of living area falls below the range established by the best comparables in the record. The Board gives less weight to the appellant's comparables and board of review comparable #1 due to differences in dwelling size, age, central air conditioning, and/or garage amenity when compared to the subject. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
